International Eco-label For Schools

Eng. Sally Z Al Buqa'een
Sustainable Development Program Manager and National Operator for the Eco-labels

The International Eco-Label for Schools

- Voluntary Eco-label established and started in Jordan since 2009.
- Run Globally by the Foundation for Environmental Education (FEE).

- Run Nationally by the Royal Marine Conservation Society (JREDS).
- Given annually → conduct final evaluation by national Jury.

The International Eco-Label for Schools

Ensure young people have power to be the change for sustainability that our world needs by engaging them in fun, action-orientated and socially responsible learning.

49 000 Schools

64 Countries

102 Schools

3 Provinces in Jordan

Eco-Schools program was launched in Jordan **in 2009** in corporation with the Ministry of Education. **15 Schools** in Amman applied for the program and received the international eco-label.

The Program is an **educational** and **environmental** sustainability driver that was created to implement sustainable development in schools through their participation in **decision making** processes that will in turn benefit their environment and further touch on social aspects.

Program Benefits

Environmental Themes

SUSTAINABLE DEVELOPMENT GOALS

More themes will be added starting 2017/2018
