

# SWIM and Horizon 2020 Support Mechanism

Working for a Sustainable Mediterranean, Caring for our Future

## Regional On-Site Training (REG-11)

Good governance, focusing on regulatory aspects  
and the design, monitoring and enforcement of  
policies

2/3 October 2018, Brussels, Belgium

This Project is funded by the European Union

umweltbundesamt<sup>®</sup>

ATKINS

# Training objectives

- **To promote good governance in the context of water resources management by**
  - introducing key stakeholders of the water sector to key principles of good governance,
  - focusing on regulatory aspects, as well as
  - the design, monitoring and enforcement of policies.
- **To promote north to south and south to south exchange and experience sharing through:**
  - Presenting and discussing practical examples from Europe.
  - Facilitating the exchange of experiences between participating practitioners.

# Expected learning outcomes

1. Deepen understanding of the key principles, components and benefits of good governance with a strong focus on the regulatory framework;
2. Reflect on the strengths and shortcomings of and opportunities for good governance practices in home countries.
3. Get familiar with approaches to and methods for effective policy design, monitoring and evaluation, including DPSIR, Strategic Environmental Assessment (SEA) and Environmental Auditing;
4. Explore a range of regulatory, economic and participatory instruments for policy implementation and enforcement, including their benefits and drawbacks.

# Agenda

## Day 1

- Module 1: Introduction to good governance and the policy cycle
- Module 2: Policy design and evaluation

## Day 2

- Module 3: Implementation and enforcement

# Knowledge questionnaires

**Please take 10 minutes now to complete the questionnaire.**

**You will complete the same questionnaire at the end of the training.**
