

Sustainable Water Integrated Management and Horizon 2020 Support Mechanism

This Project is funded by the European Union

SWIM-H2020 EFS-EG-2 “Drought and Water Scarcity risk management”

Task 5 – Capacity building on methods of water conservation and efficiency supporting water demand management

References and Reading Material for water conservation and efficiency in Buildings

SWIM and Horizon 2020 Support Mechanism

10/10/2018
